Information Sought :	The NDA government in its Union budget for financial year 2014 increased the Foreign Direct Investment (FDI) capital from 26% to 49% in sectors like defense and Insurance but left issues like retrospective taxation and GST unattended. These two issues can prove to be definite game changers when it comes to attracting foreign investments in the country. I wish to file an RTI application to understand how does the government plan to got about these issues in future in terms for its progress planning, time constraint and funds (if additional funds would be allotted towards these).
