GOVERNMENT OPIUM & ALKALOID WORKS, GHAZIPUR, UTTAR PRADESH

The first recorded instance of cultivation of poppy in India in the 15th Century mentions Cambay and Malwa as the places where it was grown. During the days of the Mughal Empire, poppy was extensively grown and it became an important article of trade with China and other Eastern countries. During the later part of the 16th Century, opium was made a State monopoly. However, during the twilight years of the Mughal Empire, the State lost its hold on the monopoly, and control over the production and sale of opium was appropriated by a ring of merchants in Patna. In 1757, the monopoly of the cultivation of poppy passed into the hands of the East India Company who had by that time assumed the responsibility for the collection of revenue in Bengal and Bihar. In 1773, the then Governor General, Lord Warren Hastings brought the entire opium trade under the control of the Government.

Although some changes have taken place over the years in the methods of the control of production, distribution, sale and possession of opium, the monopoly remained solely in the hands of the Government under the East India Company and afterwards under the British rule, unrestricted cultivation of the poppy and the production of opium were prohibited. The present structure of licit poppy cultivation and production of opium in India under a regular system of control thus dates back to the beginning of the nineteenth century. Processing of opium in India began with the setting up of the opium factory in 1820 in Ghazipur (U.P.), a town of Eastern UP located on the banks of the river Ganga. Later an alkaloid plant was set up at Ghazipur in 1943 during the period of World War II. The opium and alkaloid plants are spread over an area of about 43 acres.

GOVERNMENT OPIUM & ALKALOID WORKS, NEEMUCH, MADHYA PRADESH

The second plant for processing opium and manufacture of alkaloids located in Neemuch district of Madhya Pradesh, which is approximately 5 Kms. from the eastern border of Rajasthan. It also comprises two separate units namely, the Opium factory and Alkaloid Works. The Neemuch Opium Factory has been in operation since 1st April, 1935. Initially, there was another Opium Factory at Mandsaur but the same was closed down in the year, 1969. The Alkaloid works was inaugurated on 6th October, 1976. The campus has an area of 57,000 Sq. Mtrs.

PART V

III. CENTRAL BOARD OF DIRECT TAXES

1. Functions and Organization

The Central Board of Direct Taxes is a statutory authority functioning under the Central Board of Revenue Act, 1963. The officials of the Board in their ex-officio capacity also function as a Division of the Ministry dealing with matters relating to levy and collection of direct taxes.

2. Historical Background of C.B.D.T.

The Central Board of Revenue as the Department apex body charged with the administration of taxes came into existence as a result of the Central Board of Revenue Act, 1924. Initially the Board was in charge of both direct and indirect taxes. However, when the administration of taxes became too unwieldy for one Board to handle, the Board was split up into two, namely the Central Board of Direct Taxes and Central Board of Excise and Customs with effect from 1.1.1964. This bifurcation was brought about by Constitution of the two Boards u/s 3 of the Central Boards of Revenue Act, 1963.
